

COMPANION GUIDE

HOME WORKOUT.

WORKOUT 2

A whole-body, 30-minute follow-along workout you can do at home with minimal equipment – a chair and a couple of drink bottles.

Follow the video, tick off each round

SOUTH HOBART · LINDISFARNE

30

minutes total

8

exercises across two blocks

2

things you need – chair & bottles

PRESS PLAY, THEN MOVE.

This workout runs alongside its follow-along video. Work each exercise for the time listed, moving straight to the next station when your timer sounds. Rest as indicated between rounds.

WHAT YOU'LL NEED

A sturdy chair for balance and seated moves

Two drink bottles as light weights – optional

A clear space of about 2m x 2m

Comfy clothing, supportive footwear

HOW THE WORKOUT RUNS

Move through each exercise for the time listed, straight into the next when your timer sounds. Rest as indicated, then repeat the circuit.

BEFORE YOU START

This workout is general in nature. If you have an existing injury, health condition, or you're unsure an exercise is right for you, check with your Accredited Exercise Physiologist or GP first.

TWO-BLOCK CIRCUIT.

8 exercises across two blocks. Complete each block twice, then repeat the whole sequence once more – about 30 minutes total.

BLOCK A

Lower Body & Balance – twice, then rest 1 min

1 Mini Squats

2 Leg Swings (holding chair)

3 Side Leg Raises (holding chair)

4 Hamstring Curls

**BLOCK B**

Upper Body & Core – twice, then rest 1 min

1 Wall Push-Ups

2 Overhead Press (bottles)

3 Seated Marching + Arm Reach

4 Seated Knee-to-Elbow

Repeat both blocks once more to finish – about **30 minutes** total.

KEEP GOING.

Print this guide and keep it handy for your next home session, or come back to the video any time you need a refresher. Consistency matters more than intensity – a little movement most days goes a long way.

NEED TO MODIFY AN EXERCISE?

Reach out to the team at Hobart Exercise Physiology for questions about modifying any exercise to suit your needs.
